# Pass it on...

No matter how busy life gets, it's important to spend some downtime with the children in your life. And if you can do it outdoors, all the better. We want our three boys to grow up with a healthy respect, and great affection, for nature. As a friend of ours likes to say, plan your weekends so that the kids gather around a campfire, not the TV. Get outside with the little ones in your life. You'll be amazed how good it feels.

Cheers,

*Joy & Martin*
